LIBRARY LEVY: A REPORT TO THE PUBLIC

In 2012, Seattle voters improved access to critical educational and literacy resources for every resident by passing a seven-year, \$123 million Library levy.

The levy is helping restore core services drastically cut during the prolonged recession. The levy supports better Library hours, books, technology and building maintenance.

It also protects a bold vision that Seattle voters approved in 1998 called "Libraries for All," which resulted in the world-renowned Central Library and new and renovated branch libraries across the city.

The Seattle Public Library board of trustees and City Librarian Marcellus Turner are proud to report our progress after three years of levy funding.
