Teen Library Challenge: Summer 2020

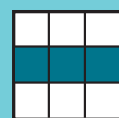

How do I play?

Middle and High Schoolers can enter to win a prize by filling out any three squares in a row (down, across, or diagonal). Get a second prize entry for completing the whole card. You can use audiobooks, articles, graphic novels, podcasts, or fan fiction; everything from this summer counts! Just make sure you write something different in each square; no counting anything twice. Good luck and have fun!

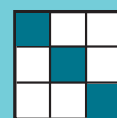

How do I win?

Play between June 8, 2020 and August 24, 2020. Turn in your challenge card at any branch of The Seattle Public Library, email a photo of the front of your card to teens@spl.org or post to social media with #SeattleLibraryTeens to be entered into our prize drawing! No names or contact information needed on the pictures. If your name is drawn, we will let you know how to claim your prize [will be determined by current social distancing guidelines].
